Na što se fokusiramo kada je u pitanju kupaonski namještaj

WHAT WE FOCUS ON WHEN IT COMES TO BATHROOM FURNITURE

Dizajn

Težimo stvaranju najsofisticiranijih proizvoda u smislu estetike, funkcionalnosti i održivosti – kako u proizvodnji tako i u korištenju naših kompleta kupaonskog namještaja i kupaonske keramike. Prilikom dizajniranja naših proizvoda oslanjamo se na svoju stručnost i umjetničko znanje, gdje inovativno pristupamo prema provjerenim dizajnerskim opcijama, a krajnji rezultat je jedinstven, ukusan i ekskluzivan dizajn.

Design

We stive to create the most sophisticated products in terms of aesthetics, functionality and sustainability – in both the manufacturing and use of our bathroom furniture sets and bathroom ceramics. We put our expertise and artistry to work when developing our designs, where we take innovative approaches to proven design options with the end result being uniqe, tasteful and exclusive designs.

Održivost

Preuzimamo odgovornost za naš okoliš te sadašnje i buduće generacije stoga su nam pažljivo raspolaganje resursima i održiv proizvodni proces od iznimne važnosti. Iz tog razloga proizvodi koje dizajniramo kroz naš serijski kupaonski namještaj dokazno su izrazito funkcionalni i izdržljivi.

Sustainability

We assume responsibility for our environment and for people in current and future generations. The respectful use of our resources and a sustainable manufacturing process are extremely important to us for that reason. That is why the products we design for our bathroom furniture series are those that have proven to be particularly functional and durable.

Tradicija

U Javoroviću se možemo osvrnuti na dugu tradiciju izrade namještaja, tehničkog znanja te implementiranja najnovijih tehnologija. Naše proizvode proizvodimo prema najvišim standardima kako bismo mogli jamčiti najbolju kvalitetu kupaonskog namještaja te pokazati našu ljubav prema detaljima.

Funkcionalnost

Naša misija je jamčiti najbolju moguću funkcionalnost naših proizvoda stoga kontinuirano radimo na njihovoj optimizaciji. Uz pažljivo razmotrene najsitnije detalje i skrivene dodatake kao što su ladice s mekim zatvaranjem te lampe s LED rasvjetom, svi naši elementi dolaze potpuno sastavljeni s unaprijed izrezanim ladicama za odvodnju kako bi bili spremni za brzu instalaciju i sigurno korištenje.

Udobnost

Kupaonicu smatramo životnim prostorom u kojem ujutro možete napuniti baterije te navečer uzeti zasluženi odmor. Visokokvalitetan kupaonski namještaj i kupaonska keramika prilagođena korisniku predstavljaju maksimalnu dobrobit i visoku kvalitetu života. Zato uvijek nastojimo ugraditi najnoviju tehnologiju u kupaonski namještaj i stvoriti individualno mjesto za ugodan osjećaj u svakoj kupaonici.
